TO WHOM SO EVER IT MAY CONCERN

This is to certify that we are using **WELMET FLUX 485M, WELMET WIRE EM12K & WELMET MIG WIRE** for fabrication of HIGH MAST POLES.

The wire / flux combination confirms to classification of SFA 5.17M F48A2 / F43P2 EM12K.

It is used plate thicknesses from 3 mm to 8mm.

These products are used at our units. Malanpur (GWALIOR)

The performance of Welmet Flux and Welmet Wire is satisfactory and meets our Mechanical & Chemical property requirements.

We also wish to place on record that the services provided by them in respect of timely deliveries satisfactory.

Thanking You.

Yours faithfully
For SURYA ROSHNI LTD.
(High Mast Division)
